In taking the vote under this article the check list was used, and all ballots cast were deposited in the "Standard Cancelling Ballot Box" furnished by the Commonwealth. At the opening of the polls the ballot box register indicated 0, at the close 302.

Art. 5. Voted that all unexpended balances be turned into the treasury and the deficiencies paid from the same, provided that the appropriations for Reservoirs and Public Library be continued for that purpose.

Art. 6. Voted that the sum of ten thousand (10,000) dollars be appropriated for the support of schools for the ensuing year.

Voted that the sum of seven hundred (700) dollars be appropriated for books and supplies.

Voted that the sum of six hundred (600) dollars be appropriated for incidentals.

Art. 7. Voted that the sum of four thousand (4000)

dollars be appropriated for laying out, discontinuing, changing and repairing highways, town ways and bridges, and for material to be used thereon.

Voted that the sum of five hundred (500) dollars be appropriated for sidewalks, where the abutters will pay one half of the expense—the money to be spent under the direction of the Selectmen. Also that the Selectmen have power to spend any part thereof for the repair of sidewalks already constructed.

Voted that the sum of one hundred and fifty (150) dollars be appropriated for concrete sidewalks, where the abutters will pay one half the expense—the money to be expended under the direction of the Selectmen.

Voted that the sum of two hundred (200) dollars be appropriated for the removal of snow.

Art. 8. Voted that the sum of twenty-seven hundred (2700) dollars be appropriated for the relief and support of the Poor.

Voted that the sum of one hundred and fifty [150] dollars be appropriated for painting and repairing the Kimball Schoolhouse.

Voted that the sum of nine hundred [900] dollars be appropriated for the purpose of connecting by fire alarm system, the two engine houses with each other, and each engine house with one church bell at the Plains and one at Highlandville.

Voted that the Selectmen and the Engineers of the fire department be instructed to carry the foregoing vote into effect.

Voted that the sum of three hundred [300] dollars be appropriated for the Free Public Library.

Art. 10. Voted that the sum of one thousand [1000] dollars be appropriated for street lighis.

Moved by Mr. Martin McDonald "that ten lights or street lamps be put between the Needham bridge at Upper

Falls and William Hurd's on Central avenue and as far as Carter street on Reservoir street."

Voted that the motion be referred to the incoming Board of Selectmen.

Art. 11. Voted that the money received for dog licenses be appropriated for the Free Public Library.

Art. 12. Voted that the highway grant be expended under the direction of the Highway Surveyors, at such time and in such places as they deem for the best interest of the town.

Art. 13. Voted that all poll taxes shall be payable on demand, and all other taxes on or before the first day of October. Interest at the rate of one-half of one per cent. a month shall be charged on all taxes not paid on or before the first day of November. The Collector shall use the means provided by law for the collection of all taxes remaining unpaid after the first day of December.

(The above paragraph shall be printed on the tax bills.)

Voted that the Collector of Taxes shall have the same powers which the Treasurer would have when acting as Collector.

If in the judgment of the Collector, that in consequence of removal, or any other circumstance, any tax should be collected before the first of October, he is fully authorized to serve his warrant in the collection of such tax at any time. The Collector shall guarantee the full amount of all taxes legally assessed and committed to him for collection and shall be held to pay to the Town Treasurer, the

same, with any interest that may accrue thereon (except such sums as may be abated by the assessors and the County tax which he shall pay to the County Treasurer). He shall pay the said taxes and interest from time to time as he collects the same, and shall pay the full amount of all the taxes committed to him, with the accrued interest, on or before the first day of February 1890. The compensation of the Collector shall be one and one fourth per cent. on all taxes and interest collected by him and paid to the treasurer. When one half the amount of the warrant has been paid, he shall be entitled to receive his commission on that amount, and the balance when the full amount of taxes and interest has been paid into the treasury.

Art. 14. Voted that the sum of two hundred (200) dollars be appropriated for the abatement of taxes.

Art. 15. Voted that the Treasurer be authorized with the approval of the Selectmen to borrow on temporary loan such sums of money as may be necessary in anticipation of the collection of taxes, the same to be paid therefrom.

Art. 16. The list of jurors as prepared and posted by the Selectmen was submitted to the meeting. The names of Oscar H. Childs, John J. Morgan and Charles McIntosh were stricken from the list at their own request. The names of Martin F. McDonald, Lewis Hasenfus and George E. Eaton were added to the list, which as amended is as follows:

George A. Adams, Edgar H. Bowers, Alpheus P. Boyd, Jeremiah F. Buckley, Howard A. Crossman, John Dann, Charles H. Dewing, George E. Eaton, John F. Edwards, Patrick J. Foley, Alonzo E. Foss, William C. Freeman, William J. Glancy, Lewis Hasenfus, Solomon W. Hutchin-

son, Cyrus W. Jones, George E. Jones, Lyman E. Kingsbury, Franklin Low, Alexander Lynes, Timothy T. Maloney, Martin F. McDonald, T. Frederick Peabody, William J. Remmele, James H. Smith, George W. Southworth, Elias Tuttle, John Thorpe, Aaron Twigg, George F. Whall, George Wright, George Walker.

Voted that the list as amended be accepted.

Art. 17. Voted that the sum of nine hundred [900] dollars be appropriated for care and rent of Town Hall.

Art. 18. Voted that the Town Clerk cause to be printed official copies of the proceedings of this meeting, one of which he shall send to each officer of the town within two weeks after the final adjournment of this meeting, and shall deliver one copy to any voter or tax payer in the town who may apply for it.

Voted that the reports and accounts of the town officers be made up to Dec. 31, inclusive and placed in the hands of the Auditors, who shall examine and make report on the same, that the Selectmen shall cause them to be printed together with the tax list and distribute them among the taxpayers of the town, at least seven days before the annual meeting.

Voted that all the officers' reports be handed to the Auditors before the 10th of January of the following year.

Art. 19. Voted that this article be dismissed.

Art. 20. Voted that this article be dismissed.

Art. 21. Voted that this article be dismissed.

Art. 22. Voted that the Board of Health be instructed to prohibit the keeping of more than two swine on any one estate within one mile of either of the depots at Needham or Highlandville.

Art. 23. Voted that the town accept May street as laid out by the Selectmen, and that the sum of eight hundred [800] dollars be appropriated for building the same.

Art. 24. Voted that the sum of one hundred [100] dollars be appropriated for Memorial Day.

Art. 25. Voted that all town meetings be notified and warned by posting a copy of the warrant for the same, properly attested, in not less than twenty public places in the town, at least seven days before the time of said meeting.

Voted that a copy of the town warrant be left at each dwelling house in town at least seven days before said meeting, but the leaving of a copy as aforesaid shall constitute no part of the service of said warrant.

Art. 26. Voted that this article be dismissed.

Art. 27. Voted that Great Plain Ave. be widened and straightened according to the plan laid down by the County Commissioners, said work to be done under the direction of the Selectmen and completed within one year, that the sum of one thousand [1000] dollars be appropriated this year, and the balance of the expense borrowed.

Art. 28. Voted that the sum of three hundred (300) dollars be appropriated for a safe.

Art. 29. Voted that the sum of two hundred and twenty-five [225] dollars be appropriated for a road roller.

Voted that the Boards of Selectmen and School Committee meet together as soon after the first day of January next as may be found convenient, and select from the different sections of the town nine citizens who shall constitute, together with said boards, a committee on appropriations. Said committee shall give one or more public hearings and make a report to be printed and distributed with the town reports, recommending the appropriations necessary to be made at the next annual town meeting.

Voted that the moderator be paid ten dollars for his services.

After the moderator had made declaration of the result of the voting for town officers, the ballots cast for said officers were secured in an envelope and sealed up in open town meeting by the moderator, who endorsed upon the envelope for what officers the ballots were cast, the date of the election and a certificate that all the ballots cast by the voters for such officers, and none others, are contained in said envelope. The ballots sealed as aforesaid were then delivered by the moderator into the custody of the Town Clerk as required by law.

It was then voted that this meeting be dissolved.

Dissolved.

IN MEMORIAM.

MARK LEE,

Chairman of the Board of Selectmen and Board of
Health, Died January 12, 1890.

Born in Neatlock, Derbyshire, England, Feb. 27, 1829.

Came to Needham in 1853.

Justice of the Peace, 1872-90.

Assessor, 1875-6.

Selectman, 1875-82, 1888-90.

Member Board of Health, 1887-90.

He had been active in public affairs for many years, and
Postmaster of Highlandville for fifteen years. As a
public officer he was faithful and honest in the
discharge of his duties, and the town loses
in him a valued citizen.

ANNUAL REPORT OF THE SELECTMEN

FOR THE YEAR 1889.

HIGHWAYS.

The year's work of this department has been one of unusual activity. C. H. Dewing received the appointment of Superintendent of Streets and the work has been done under his supervision in a thorough manner. Webster street between Dedham avenue and South street has been greatly improved by widening and by a coat of gravel. Gravel has also been applied over nearly the whole distance on the same street, from Rosemary street to Greendale avenue. Rosemary street from Nehoiden street to Hillside avenue has received a thorough course of repairs.

Since the extension of Hillside avenue much heavy teaming has been attracted that way, hence the board felt warranted in expending quite an amount upon its repair.

The hill near Nehoiden street was cut down some two feet, the material being used on Nehoiden street with the idea in view of building a sidewalk continuous from the cemetery to Great Plain avenue.

Considerable attention has been given to the cutting of brush which has been growing upon the roadside until in many places it had become very troublesome.

Much of the railing which was in a dilapidated state has been repaired and replaced by new railing, but there is still a great deal of work in this direction which should be done without delay. Repairs have been made where

most needed, with an idea of keeping up the general condition of the streets. The scraper has been used extensively and the roller has proved a great acquisition to our road tools. The stone crusher has done its work well, fulfilling our highest expectation. 65 two horse loads of stone have been crushed in a single day. The crushed stone has been used exclusively on the widening of Great Plain avenue. The board suggest the purchase of a screen the coming season to separate the crushed stone into different grades.

The wet summers and open winters which we have had for two years past have added greatly to the natural wear of our streets. This is illustrated in the case of that portion of Great Plain avenue known as the Causeway which needs a large outlay as early in the spring as practicable.

The county commissioners ordered repairs upon Central avenue near the Upper Falls a number of years ago. Wright's wall, which is a part of said repairs has lain in an unfinished state from year to year. Some work has been done this year, but it should be completed the coming season.

MAY STREET.

In accordance with the vote of the town May street has been built. The loam was entirely removed and used to fill the depression on the Common, which has greatly improved its appearance. The street is perfectly straight and has been built in a true grade, being six feet higher at the east end than at the western extremity. We are convinced that time will prove it a thoroughly built and serviceable piece of road.

OAK STREET.

The county commissioners refused to depart from their

long established custom, "not to lay out a street across a railroad at grade crossing." But the evidence presented tended to show the public had gained a right to cross at this place, and we have sued the N. Y. & N. E. R. R. Co. and petitioned the court to grant an injunction restraining the railroad company from obstructing the street.

Preliminary questions of law have been argued before Judge Lathrop and an appeal taken to the supreme court. It is hoped that a decision will be reached in time for trial at next term at Dedham in May. Henry E. Fales Esq. has been employed to represent the town.

GREAT PLAIN AVENUE.

The orders issued by the county commissioners in relation to this street from Noyes street to within a short distance from the Wellesley line have been complied with the town voting so to do. In the re-location and repairing of this street the town has made a new departure in the art of road building. Crushed stone has entered extensively into its construction and the work has been done with a thoroughness seldom seen before in our town. The result has been that we have a road bed of an excellent character which for many years to come will need no extensive outlay and it will prove an economical investment although the first expense would to some appear extravagant. The cost has been augmented greatly by the fact that both gravel and material for filling have been hauled long distances. Nothing in the immediate neighborhood could be found suitable for the work. One culvert owing to the boggy character of the land was built with much difficulty at an expense of \$400. A system of drainage which was planned for the easterly terminus of the repairs should be carried out in the spring, the pipe having been purchased the expense will be slight. A small outlay should also be made to improve the condition of the sidewalks and to construct railings where they are needed.

RAIL ROAD BRIDGE.

The bridge on Central avenue over the abandoned railroad being in a poor state of repair and a constant source of trouble to the town and danger to the public, the selectmen petitioned the county commissioners to remove the bridge and change the grade. The petition was ordered and the work has been done, the Railroad Company giving the bridge and \$300 in money towards defraying the expense. W. H. Windram subscribed the sum of \$200 for the same purpose. It has made a wonderful change for the better, doing away with a number of steep grades and leaving the street in better shape than it has ever been before.

SIDEWALKS.

Very little has been done in this department owing to the fact that our superintendent was obliged to give all his attention to highways.

Mr. Wm. Carter and J. J. Whetton applied for concrete sidewalks in front of their residences on Highland avenue. It was too late to warrant good work when we moved in the matter and so recommend the early attention of the incoming board to their application.

STREET LIGHTS.

The contract for lighting was awarded to W. F. C. Balen and he has given as much satisfaction as can be had with the kind of lights used by the town.

Several parties have been arrested and convicted for breaking lamps, and we trust it will be a lesson to others to curb their malicious propensities.

A number of new lamps have been erected and it will cost about one hundred dollars more than usual in this department the coming year.

An application has been received from the Needham Electric Light Co. of Dedham, to erect poles for the purpose of lighting our streets with electricity. The board have not taken action in the matter as yet, but it is only a question of time when this new and popular light will be used, and no doubt a proposition to light with electricity will be presented to the town at the annual meeting.

ADDITION TO KIMBALL SCHOOLHOUSE.

Ordered by the state inspector of public buildings.

The contract was awarded to H. S. Locke and the work done in a very satisfactory manner. It affords ample means for escape in case of fire and adds much to the appearance of the building. The expense was taken from the school fund.

POOR.

The inmates in Wellesley almshouse remained the same as last year until the last of December, when on account of a mild form of mania developing in the case of Mrs. Sarah Gillow we were obliged to remove her from that institution. She is now being boarded at Mrs. Smith's, Newton Lower Falls. A sum of money has been placed in the town treasury to provide for her support in the future.

On account of the death of her mother we have placed Catherine Kelley in the Taunton Lunatic Asylum. She is chronic insane and will probably remain in that institution as long as she lives.

Charles O'Brine was temporarily committed to Taunton hospital but has fully recovered and has paid to the town \$41.32 of the expense incurred and will settle the balance soon, which is very creditable to him.

The other inmates of State Institutions are same as last year. Mrs. Charles Shaw and family numbering five persons are quite an expense to the town being almost wholly supported. Thomas Leach and family on account

of old age and sickness are quite an expense and likely to continue. We have been paying Patrick Leach two dollars a week for the board of his grandchild, Katie Leach, but believing him to be able to support her we have refused further support in accordance with Pub. Statutes, Chap. 70, Sec. 4.

Our hopes in regard to John Poyner have been realized. Since April 1 he has worked on the highways and taken care of his family in a commendable manner.

Ann B. Wall has left town and is now living with relatives in Haverhill and we have reason to believe she has ceased to be an expense to the town.

The new cases are John Kingsbury of Charlton, Mass., Mrs. Patrick Eagan and family, Charles A. Hines, and Mary A. Torr. Quite a number receive partial support in small amounts as in former years.

We have received \$350 towards paying the board of Sarah Gillow, \$327.57 from the estate of Julia Staples, also \$62.72 on account of Hannah Ricker; this is the last of her property and henceforth she will have to be fully supported by the town.

The lot in the cemetery has been seeded down and presents quite a contrast to its former neglected appearance. As will be seen by our report, we have overrun our appropriation, and also carried over several bills into another year. In view of the constantly increasing list of poor, we feel that the time has arrived when we should have an almshouse of our own. We are sure that in many cases our poor could be better cared for at less expense, and trust that some action may be taken at the annual meeting in relation to this matter.

Respectfully submitted,

THOMAS SUTTON,	}	<i>Selectmen of Needham.</i>
ARTHUR WHITAKER,		

TOWN OF NEEDHAM.

REPORT

OF THE

SCHOOL COMMITTEE

FOR THE YEAR 1889.

At the beginning of the year the board of school committee organized by re-electing the chairman and secretary of the previous year. At the same time, in accordance with a long and well-established rule of the board, sub-committees for the several schools of the town were appointed, as follows : For the Kimball schools, Mr. Grover ; for the Avery and Eliot schools, Mr. Carter ; and for the Dwight, Parker and Harris schools, Mrs. Harris. Thus organized, the work of the committee has been harmoni-

ous, and promptness of action, when necessary, has been secured. The members of the board have not felt that by this convenient sub-division of the work they were individually relieved of any responsibility or corresponding duty to any school in the town, and their constant purpose has been to provide each school with every accommodation and facility for the comfort and education of its pupils, which the generous appropriations of the town would warrant. As a result, all our schools have been during the year in a fairly prosperous condition, and have quietly, and as a whole, successfully accomplished their appointed work.

In our last report we called the attention of our fellow-citizens to the law authorizing the uniting of two or more towns into a district, for the purpose of employing a superintendent of schools. It was found upon investigation that to take advantage of its provisions it would be necessary in order to secure the requisite number of schools, without exceeding the limit of valuation, to include in the district to be formed the towns of Dover, Medfield and Millis. The large area covered by the district, as well as the number of towns comprising it, seemed to be obstacles in the way of such an arrangement. We are, however, of the opinion that the benefits to be derived from supervision, even with these drawbacks, would be sufficient to warrant us in trying the experiment, and if we are correctly informed our opinion in this particular is shared by the several school boards of the other towns in the district.

It is seldom that so many changes in our corps of teachers occur as during the past year. No less than eight out of our seventeen teachers having been newly appointed during the year. These changes have all been made without interruption to the work of the schools, and in no instance have they suffered therefrom.

The increased number of pupils in the Kimball primary school made it necessary at the beginning of the fall term to employ an assistant in that school, and should its num-

bers still continue to increase, as there is every reason to expect they will, it will be but a short time before this school must be divided and a new school established, for which other quarters will have to be provided by the town.

Much has been said of late in relation to floating the American flag over the schoolhouses of the state, and in many places the stars and stripes can now be seen during the sessions of the schools. The school committee have no funds at their disposal which can be legitimately used for this purpose, but if flags could only be provided through the generosity of some of our patriotic citizens they would be gladly displayed and cared for. Certainly no better means can be devised to impress upon the minds of our children those principles of patriotism and love of country which by law we are bound to inculcate.

The additional stair tower for the Kimball schoolhouse, ordered last year by the state inspector of public buildings, has been built, and the necessary inspection certificates from that officer have been received. The building has also been painted one coat, and other needed repairs made at an expense of one hundred and seventy dollars and seventy-six cents.

The committee have taken advantage of the fire-alarm system adopted by the town, and caused a box, numbered twenty-two, to be placed in the Kimball building. An alarm from this box (twenty-two repeated twice) rung in forty-five minutes before the time for opening the morning or afternoon session indicates that that session of the schools will be omitted. An alarm from this box at fifteen minutes before twelve o'clock indicates that but one session of the schools will be held on that day.

An examination of the table of statistics appended to this report will be found of interest. By a comparison with the previous year it will be noticed that there has been a marked improvement in the per cent. of attendance the

past year, although it is still far from what it should be. Absence from school without a sufficient excuse being one of the greatest evils we have to contend against.

The number of persons between the ages of five and fifteen years, belonging to the town in May last, as shown by the census taken at that time, was: Boys, 235; girls, 210; total, 445.

The sum of one hundred and fourteen dollars has been paid into the town treasury for the tuition of pupils from the town of Dover during the year. We recommend for the present year the appropriation of \$10,300.00 for schools, \$600.00 for incidentals, and \$700.00 for books and supplies.

For the Committee,

EMERY GROVER, Chairman.

In submitting the foregoing statement, it affords great pleasure to record the growth of the Library in number of volumes added to the catalogue, in number persons registered as readers of good books, and the nearly unanimous public approval of the books selected by the purchasing committee. It is the earnest desire of the trustees to furnish valuable Historical Works, Encyclopedias, Dictionaries, Gazetteers and such other works as may be of especial assistance to the teachers and pupils in our public schools to whom, as also to all residents of the town, whether permanent or temporary, notice is hereby given, a book is kept in which

are entered the names of all books called for, or suggested as desirable, and not in our catalogue. The assurance is again given that if such books or list of books have been approved, after examination by the committee, they will be procured as soon as the funds in the custody of the trustees will permit. Every reasonable facility will be granted the teachers of our public schools to take from the library such number of volumes as may be necessary to assist them in their public duties. Books which are purely sensational or immoral, even by suggestion, will be rigidly excluded. Books of a strictly sectarian character will be gladly accepted when donated by those who entertain such views.

As a bulwark in defense of American institutions and freedom, free public libraries are second only to our free public schools, therefore it is essential that books which shall teach good morals, patriotism and noble statesmanship shall have a large and prominent position in our catalogue. It also seems appropriate and as desirable to display the American flag in connection with our free public libraries as with our free public schools. A word of explanation in regard to the catalogue issued seems in place just here. The price asked for them is the exact cost of printing, binding and material. The labor of arranging copy for the printer, proof reading, etc., was a free gift to the public. One, at least, of the trustees, believed a judicious distribution without charge should be made. It may be asked why it was not a complete or ideal catalogue, or three catalogues in one? The answer is that we had a small fund compared to the work we wished to do, and it would be more wise to wait until the library had grown larger, as it will rapidly do if the voters continue the liberal appropriations they were pleased to grant the past year. We earnestly hope there will be no decrease for many years.

Our reading room, although fairly well patronized, is not so well attended as it would be were it a separate

room, free from the annoyance of the routine of business and work, which is conducted in as quiet and noiseless a manner as possible by those in charge. We would also mention the reading room at Highlandville, so generously supported by the ladies. Through the courtesy of our librarian, Mr. Dunn, a proper number of all the periodicals are each week taken to that village.

To make the library as useful as possible to the citizens is the earnest effort of the trustees.

SAMUEL H. JONES, *Chairman.*

NEEDHAM FIRE DEPARTMENT

FOR THE YEAR 1889.

We are again fortunate in having had so few fires in the town the past year, the first occurring on the night of January 1st, being the pickle factory owned by Josiah Knight, situated on Prince street, which was totally destroyed. Loss, \$4,000 ; insured for \$3,000.

February 20, the barn owned by George F. Peck, situated on Chestnut street, was totally destroyed. Loss, \$800 ; insured for \$338.

February 24, fire was discovered in the office of F. E. Stedman's meat market in Moseley building, but was extinguished with but little loss, which was covered by insurance.

May 11, fire was discovered in the grain store of Howard Crossman, situated on Chapel street, but was extinguished without any loss.

October 27, the barn owned by Mrs. Ellen Leach, situated on Great Plain avenue, was totally destroyed. Loss, \$500 ; insured for \$250.

Both engines are in splendid working order, as is everything belonging to the department, with the exception of hose. A great part of them have been thrown aside as useless, and the board of engineers recommend that the town purchase 500 feet of new hose. Both engine houses have been painted and stained, each company bearing more

than half the expenses from money received for services as firemen. The interest they take and the way they keep both apparatus and houses is a credit to themselves and an honor to the town.

REPORT

OF THE

BOARD OF HEALTH

OF NEEDHAM FOR THE YEAR ENDING DEC. 31, 1889.

The board of health respectfully submits the following report :

CONTAGIOUS DISEASES.

The following table shows the total number of contagious diseases reported for the year :

Scarlet fever,	20
Measles,	2
Typhoid fever,	1

There has been a marked decrease in the number of cases of scarlet fever reported for 1889 over that of 1888.

There has been no epidemic in the town during the year excepting the present one of Influenza, or "La Grippe," which, although not fatal in its character, by itself, is nevertheless serious in the amount of sickness and disability which it is occasioning. It is not a disease which can be reached or controlled by public health authorities.

UNDERTAKERS.

The following have been granted undertaker's licenses for one year, ending June 30th, 1890 : C. W. Morton, Everett J. Eaton and George E. Eaton.

Number of official letters and communications written, 19.

Number of complaints received, 20.

Number of houses inspected and places where nuisances have been complained of 25, the most of which have required more than two visits.

PIGGERIES.

As in past years, this industry is the chief cause of complaints, and the board have labored earnestly with the proprietors, hoping that they would respect the wishes of the public in general, and we feel that in the majority of cases there has been less to complain of than in former years.

At the December term of court, the Grand Jury found an indictment against Henry Bowers for maintaining a piggery nuisance. He was summoned to appear before the court to answer to the complaint, and plead "guilty." The case now rests with the District Attorney to be called up for sentence.

DRAINAGE.

On June 5th, the board were presented with a petition to drain a certain piece of land, corner of Grant and Kimball streets, owned by Loriania K. Moseley. After a careful examination of the premises, the board decided to hold a public hearing and duly notified all parties interested to appear. Two hearings were held, which were largely attended. An engineer was employed to make surveys and estimate cost of drainage, and it was shown that in order to successfully drain the said land, it would be necessary to open a ditch from near the foot of Grant street to Webster street. The abutters were requested to drain their respective lands in accordance with chapter 80, section 32, public statutes. Some of them cheerfully responded to the request, but others neglected to do their part, and it was found necessary for the board of health to finish the same.

This has been done at an expense of one hundred and fifty-one dollars (including engineer's fee), and in accordance with section 32, chapter 80, public statutes, the amounts have been proportioned to the abutters and beneficiaries, and a copy sent to the town clerk, in accordance with section 33, chapter 80, public statutes.

This drain now affords an excellent outlet for surface water from the streets adjacent to the corner of Great Plain and Dedham avenues. As there are now several dry wells in this vicinity with an outlet on Lincoln street, which is not a public way, the water is now conducted from this outlet through Lincoln street to a ditch connecting with one dug by order of the board.

AN ACT TO SUPPLY THE TOWN OF NEEDHAM WITH WATER.

Be it enacted, etc., as follows:

SECTION. 1. The town of Needham may supply itself and its inhabitants with water for the extinguishment of fires, and for domestic and other purposes ; may establish fountains and hydrants, relocate or discontinue the same ; may regulate the use of such water, and fix and collect rates to be paid for the use of the same.

SECT. 2. The said town for the purposes aforesaid may contract with any adjoining city or town to supply said water, or it may take by purchase or otherwise, and hold the water of Charles river within the limits of or where it borders on said town, and of any stream or spring or artesian or driven wells within the limits of said town, and the water rights connected with any such water sources ; and also all lands, rights of way and easements necessary for holding and preserving such water and for conveying the same to any part of said town of Needham. The said town may also erect on the land thus taken or held proper dams, buildings, fixtures and other structures, and may make excavations, procure and operate machinery, and provide such other means and appliances as may be necessary for the establishment and maintenance of complete and effective water works, and may construct and lay down conduits, pipes and other works, under or over any lands, water courses, railroads, or public or private ways, and along any such way, in such manner as not unnecessarily to obstruct

the same; and for the purpose of constructing, maintaining and repairing such conduits, pipes and other works, and for all proper purposes of this act, said town may dig up any such lands or ways in such manner as to cause the least hindrance to public travel on such ways. In case said town shall take the waters of Charles river under this act, it shall be limited to an amount of water not exceeding one-half million gallons daily.

SECT. 3. The said town shall within sixty days after the taking of any lands, rights of way, water rights, water sources or easements as aforesaid, otherwise than by purchase, file and cause to be recorded in the registry of deeds, for the county and district within which such lands or other property is situated a description thereof sufficiently accurate for identification, with a statement of the purpose for which the same were taken, signed by the water commissioners hereinafter provided for.

SECT. 4. The said town shall pay all damages sustained by any person or corporation in property by the taking of any land, right of way, water, water source, water right, or easement, or by any other thing done by said town under the authority of this act. Any person or corporation sustaining damages as aforesaid under this act, who fails to agree with said town, as to the amount of damages sustained, may have the damages assessed and determined in the manner provided by law when land is taken for the laying out of highways, on application at any time within the period of three years from the taking of said land or other property or the doing of other injury, under the authority of this act; but no such application shall be made after the expiration of said three years; except that no application for assessment of damages shall be made for the taking of any water, water right, or for any injury thereto, until the water is actually withdrawn or diverted by said town under the authority of this act.

SECT. 5. The said town may, for the purpose of paying the necessary expenses and liabilities incurred under the

provisions of this act, issue from time to time bonds, notes or scrip, to an amount not exceeding in the aggregate seventy-five thousand dollars ; such bonds, notes and scrip shall bear on their face the words Needham Water Loan, shall be payable at the expiration of periods not exceeding thirty years from the date of issue ; shall bear interest payable semi-annually at a rate not exceeding six per centum per annum, and shall be signed by the treasurer of the town and be countersigned by the water commissioners hereinafter provided for. The said town may sell such securities at public or private sale, or pledge the same for money borrowed for the purposes of this act, upon such terms and conditions as it may deem proper, provided that such securities shall not be sold or pledged at less than the par value thereof. The said town, unless it avails itself of the provisions of section six, shall provide, at the time of contracting said loan, for the establishment of a sinking fund, and shall annually contribute to such fund a sum sufficient with the accumulations thereof to pay the principal of said loan at maturity. The said sinking fund shall remain inviolate and pledged to the payment of said loan, and shall be used for no other purpose.

SECT. 6. The said town instead of establishing a sinking fund may, at the time of authorizing said loan provide for the payment thereof in such annual proportionate payments as will extinguish the same within the time prescribed in this act ; and when such vote has been passed the amount required thereby shall without further vote be assessed by the assessors of said town in each year thereafter, until the debt incurred by said town shall be extinguished, in the same manner as other taxes, and assessed under the provisions of section thirty-four of chapter eleven of the Public Statutes.

SECT. 7. The return required by section ninety-one of chapter eleven of the Public Statutes shall state the amount of any sinking fund established under this act, and if none is established, whether action has been taken in

accordance with the provisions of section six of this act, and shall also state the amounts raised and applied thereunder for the current year.

SECT. 8. The said town shall raise annually by taxation a sum which together with the income derived from the water rates, will be sufficient to pay the current annual expenses of operating its water works, and the interest as it accrues on the bonds, notes and scrip issued as aforesaid by said town, and to enable said town to make such contributions to the sinking fund and payments on the principal as may be required under the provisions of this act.

SECT. 9. Whoever wilfully or wantonly corrupts, pollutes or diverts any of the waters taken or held under this act, or injures any structure, work or other property owned, held or used by said town under the authority and for the purposes of this act, shall forfeit and pay to said town three times the amount of damages assessed therefor, to be recovered in an action of tort; and upon conviction of either of the above wilful or wanton acts, shall be punished by a fine not exceeding three hundred dollars or by imprisonment not exceeding one year.

SECT. 10. The said town shall, after its acceptance of this act, at a legal town meeting called for the purpose, elect by ballot three persons to hold office, one until the expiration of three years, one until the expiration of two years and one until the expiration of one year from the next succeeding annual town meeting, to constitute a board of water commissioners; and at each annual town meeting thereafter one water commissioner shall be elected by ballot for the term of three years. All the authority granted to the said town by this act, and not otherwise specifically provided for, shall be vested in said board of water commissioners, who shall be subject, however, to such instructions, rules and regulations as said town may impose by its vote. The said commissioners shall be trustees of the sinking fund herein provided for, and a majority of said commissioners shall constitute a quorum for the transaction of

business relative both to the water works and to the sinking fund. Any vacancy occurring in said board from any cause may be filled for the remainder of the unexpired term by said town at any legal town meeting called for the purpose.

SECT. II. This act shall take effect upon its acceptance by a two-thirds vote of the voters of said town present and voting thereon at a legal town meeting called for the purpose within three years from its passage ; but the number of meetings so called in any year shall not exceed three.

[*Approved March 8, 1888.*

AN ACT TO AUTHORIZE THE TOWN OF WELLESLEY TO SUPPLY THE TOWN OF NEEDHAM WITH WATER.

Be it enacted, etc., as follows:

SECT. I. The town of Wellesley is hereby authorized to furnish from its water supply to the town of Needham, or to any portion thereof, a supply of water for the use of said town of Needham and its inhabitants for the extinguishment of fires and for domestic purposes, and may contract with said town of Needham for such supply of water on such terms as may be agreed upon between said towns.

SECT. 2. This act shall take effect upon its passage.

[*Approved May 24, 1888.*

VALUATION LIST.

REPORT OF THE BOARD OF ASSESSORS, FOR THE YEAR 1889.

In submitting the following report, which must necessarily be mainly an array of figures, the board would say the endeavor has been to base the assessment upon a valuation as nearly equitable as possible. No radical changes have been made, and in cases where changes appear, circumstances which affect and control values rendered necessary whatever variation from former values may be found.

By comparison with the report of 1888, it will appear that there is a gain in value of real estate of \$77,220, and in personal estate of \$35,109, also in the taxable value of bank and corporation stocks held by residents, and credited to the town by the tax commissioner of \$43,788.73, making a total increase of valuation of \$156,117.73.

The increase in the number of dwelling houses assessed is 14. In the month of July, Mr. Crossman, having removed from town resigned, thereby causing a vacancy in the board, which has remained unfilled to the present time.

The following is the summary of the assessment:

TOWN OF NEEDHAM, MAY 1ST, 1889.
